

## Indian Wells Woman

The Association

I was on route number nine  
Just below the Texas line  
Near a town where I don't belong  
But it was on my way back home

Farmer man gave me a ride  
Got in the back, and by my side  
Behind the cab, in the wind  
Found a friend in

Indian Wells woman  
Satisfied my time  
Met her on a back road  
Goin' home, goin' home

While I sit back in my home today  
All my thought go back to yesterday  
To a woman I've come to know  
Five miles in New Mexico

Farmer man gave me a ride  
Got in the back, and by my side  
Behind the cab, in the wind  
Found a friend in

Indian Wells woman  
Satisfied my time  
Met her on a back road  
Goin' home, goin' home

To Indian Wells woman  
Satisfied my time  
Met her on a back road  
Goin' home, goin' home

To Indian Wells woman  
Satisfied my time  
Met her on a back road  
Goin' home (goin' home)  
Goin' home
