

## What Were the Words

### The Association

What could I tell you if you listen?  
Could I speak my mind?  
Or would I only get lost in your smile?  
Unable to leave you behind?

What would the words be if I found them?  
Would they sound like goodbye?  
Or would it sound like I wanted to stay?  
Unable to ask myself why?

What were the words I wanted to say?  
Am I the one who was leavin'?  
Where are the reasons I had yesterday?

Have I left them to go on believin'?

Would you believe me if I told you?  
That I wanted to be free?  
Or could I tell you I was leavin' today?  
That I wanted to take you with me?

What were the words I wanted to say?  
Am I the one who was leavin'?  
Where are the reasons I had yesterday?  
Have I left them to go on believin'?
