

# Honest Mistake

## The Audition

The room gets cold  
As she slowly paces back and forth  
She says, "What have I done now?  
It was a time well spent"  
Did she really mean it when she said  
"It's all a game we're playing  
All of the words we say"?

I guess in a way  
You were an honest mistake  
And the love that you give's not the love that you take  
I guess in a way  
You were an honest mistake  
When the love that you give's not the love that you take

And I should've known better  
Than to believe in someone I couldn't trust  
I just got caught up in lies  
I always knew that you would be the one to leave  
I guess this is how this how it has to be

Stood like an empty shell  
Fighting off the shakes  
She goes on, baby  
Livin' it up  
Pleased to meet yourself  
It's been longer than enough  
It's all a game we're playing  
All of the words we fake

I guess in a way  
You were an honest mistake  
When the love that you give's not the love that you take

And I should've known better  
Than to believe in someone I couldn't trust  
I just got caught up in lies  
I always knew that you would be the one to leave  
I guess this is how this how it has to be  
I guess in a way  
You were an honest mistake  
When the love that you give's not the love that you take  
I guess in a way  
You were an honest mistake  
When the love that you give's not the love

This is how this how it has to be  
This is how this how it has to be

And I should've known better  
Than to believe in someone I couldn't trust  
I just got caught up in lies  
I always knew that you would be the one to leave  
I guess this is how this how it has to be
