

You Make Me Sick

The Audition

I get the feeling that I'm not the only one
Just come clean, wipe the dirt from your fingers
I think it's time that you put down your gun
You're just pathetic, you're reckless, I hate this

And I know something that he don't know
He's got a little more learning to do
And I know something he don't wanna know:
Everything that happened between me and you, me and you

Because I hate, hate, hate the way
You come and you go as you please
You're fake, fake, fake, you're fake
And I know, you only get what you want on your knees
But you don't beg, you don't plead
And I'm here to tell you just exactly what I don't need
Any moment, you'll see it
'cause you make me sick

How many more of us can you push away?
Just come clean, I'm only asking for answers
No matter how far you run, this won't change
You're just a coward, a liar, you're selfish

And I know something that he don't know
He's got a little more learning to do
And I know something he don't wanna know:
Everything that happened between me and you, me and you

Because I hate, hate, hate the way
You come and you go as you please
You're fake, fake, fake, you're fake
And I know, you only get what you want on your knees
But you don't beg, you don't plead
And I'm here to tell you just exactly what I don't need
Any moment, you'll see it
'cause you make me sick

You're making me, you're making me so
You're making me, you're making me so
You're making me, you're making me so
You're making me, you're making me so
Sick, yeah
You're making me so, you're making me so sick
Baby, what did I do to deserve this?

Because I hate, hate, hate the way
You come and you go as you please
You're fake, fake, fake, you're fake
And I know, you only get what you want on your knees
But you don't beg, you don't plead
And I'm here to tell you just exactly what I don't need
Any moment, you'll see it
'cause you make me sick

You're making me, you're making me so
You're making me, you're making me so

You're making me, you're making me so
You're making me, you're making me so sick
