

Kick Drum Heart

The Avett Brothers

The footprints over the snow
the fabric of all the lonely
C-Covering only
the fables and hands
the rest is out in the cold
holding the last of the season
F-F-F freezin' Yeah

My my my heart like a kick drum
My my heart like a kick drum
My my heart like a kick drum
My love like a voice

We're walkin' in to the fields.
We're walkin in to the forest.
The moon is before us.
Up above
We're holdin' hands in the rain
S-sayin' words like I love you
D-d-d'you love me? Yeah

My my heart like a kick drum
My my heart like a kick drum
My my heart like a kick drum
My my love like a voice

Mother Mary heard us approaching her door
Although we didn't make a sound.

There's nothing like finding gold
within the rocks hard and cold
I'm so surprised to find more
Always surprised to find more

I won't look back anymore
I left the people that do
Its not the chase that I love
Its me following you
