

After Midnight

The Babys

I've seen how you look my way
And you know I've watched you too
There's a strange feeling coming over me
What am I supposed to do?

When I look deep in your eyes baby
I can see too the depths of your soul
What is that bringing? How do I play it?
What is our final goal?

Move it after midnight
Body to body, yours and mine
Oh yes, this feels so right
You and me together baby
Forever baby
Move it after midnight

When the smoke clears
And it's just you and me
Standing side by side
I will never hurt you
I will never be untrue
On that you can rely

Move it after midnight
Body to body, yours and mine

Oh yes, this feels so right
You and me together baby
Forever baby
Move it after midnight

Move it after midnight
Body to body, yours and mine
Oh yes, this feels so right
You and me together baby
Forever baby
Move it

Move it after midnight
Body to body, yours and mine
Oh yes, this feels so right
You and me together baby
Forever baby
Move it after midnight

Body to body, yours and mine
Oh it feels so right
You and me together baby
Movin', movin'
Movin' after midnight
Your body to mine
You and me together baby
We're movin'
We're movin'
