

Not Ready to Say Goodbye

The Babys

When you were around
Ya know ya meant the world to me
They were easier times
Or at least that's how it seemed

Might have to work harder now
But that's the life we chose
You helped me more than you'll ever know
More than you know

Not ready to say goodbye
I'm not one to walk away (walk away)
I'm not ready to say goodbye
There's still so much left to say (when I look in your eyes)
I'm not ready to say goodbye
Goodbye

It's warm when you're near, you take me home
My favorite place to be
My eyes come alive, you wake me up
Help me live out this crazy dream

Though things are different now
Doesn't mean that it's the end
You make me wanna do it again and again
Let's do it again

Not ready to say goodbye
I'm not one to walk away (walk away)

I'm not ready to say goodbye
There's still so much left to say (when I look in your eyes)
I'm not ready to say goodbye

Catch me now, I think I found it
Been movin' through a different time and space
The faces may have changed, I know
But the music stays the same

You lift me up, you make me smile
Love it when you say my name
Let's draw from the past, push into tomorrow
And be glad we stayed

I'm not ready to say goodbye
I'm not one to walk away (walk away)
I'm not ready to say goodbye
There's still so much left to say (when I look in your eyes)
I'm not ready, I'm not ready
I'm not one to walk away (walk away)
I'm not ready to say goodbye
There's still so much left to say

When you are around
Ya know ya mean the world to me
