

Euthanasia

The Bear Quartet

Here take this pill
You feel I'll you feel better
It's amazing really just how little
You must do to alter people's
Perception of you

Dear god it's been a long time if
Ever since I asked for anything in return
I'm not ashamed to say
I pray to you for money
I don't mind if you
Send me down to burn

Drugs anyone?
For the pain for the fun
So I'm a monster really
Well, guessed who spawned me
It was you and you and you
And you and you

Dear god it's been a long time if
Ever since I asked for anything in return
I'm not ashamed to say
I pray to you for money
I don't mind if you
Send me down to burn
