

# I Dreamt

The Black Angels

Well I step inside your dream yeah  
I cannot help who you love  
Well you're safe inside your dreams yeah  
When I cannot I help who you love  
My love, my love, my love

I can help you dream  
I can help you scream  
I can feel you dream  
I can set you free

Be inside my dream yeah  
Live inside of me yeah  
Be inside my dream yeah  
Live inside of me

Oh I dreamt that you dreamt that I dreamt with you  
I dreamt that you dreamt that I dreamt with you  
I slept where you slept so I slept with you  
Oh I loved how you tripped so I tripped with you

I can help you dream  
I can feel you dream  
I can set you free

Oh I dreamt that you dreamt that I dreamt with you  
I dreamt that you dreamt that I dreamt with you  
I slept where you slept so I slept with you  
I loved how you tripped so I tripped with you

My love, my love, my love, my  
My love, my love, my

Be inside my...  
You step inside my dream  
You live inside my...  
Just be inside my love

My love, my love, my love  
My love, my love, my...

Step inside your dream yeah  
Be inside of me yeah  
Live inside your dream yeah  
Come inside with me

My love, my love, my love, my  
My love, my love, my  
My

Be inside my dream  
You live inside my love  
You come inside my dream  
Just be inside
