

# Life Song

The Black Angels

Floating through the darkness  
Awaiting on transmission  
Drifting on the mission alone  
Why, oh poor my dear  
When I could let my dear

Streaming through creation  
Trying to catch a laughter  
Blinded by the darkness  
Alone and so it goes  
My bitter heart can feel it  
The distance in between  
Six trillion miles away, dear  
The evenings follow me

How can I explain  
With no voice  
With no chance  
As I'm traveling upside down  
Into a world of the unknown

Artificial henchmen  
A sacrificial name  
I'm on this one way mission lost  
Exploding into stars  
I am through, now I'm on the other side

I'm dying to say  
I love you anyway  
Even though you sent me off to die

I'm dying, I'm dying  
I am yours  
Warning from the other side

How can I explain  
With no voice  
With no chance  
As I'm traveling upside down  
Into a world of the unknown

How can I explain  
With no hope  
With no chance  
As I'm traveling upside down  
Into a world of the unknown

How can I explain  
That I'm dying today  
I'm dying, I'm dying  
I'm dying to say  
I owe you, I'll see you on the other side
