

No Satisfaction

The Black Angels

O, muse, I'm embarrassed of what happened
Let's light up your down and get things happening
We can't get no satisfaction
We can't get no satisfaction

Hurry, hurry, hurry, Miss contractions
Let's light up your down and get things happening
We can't get no satisfaction

'Cause everybody likes to claim things
And everybody likes to shame things
And everybody likes to clang bells around

O, muse, I'm embarrassed of what happened
Let's light up your down and get things happening
No, we can't get no satisfaction
We can't get no satisfaction

'Cause everybody likes to claim things
And everybody likes to shame things
And everybody likes to hang around
They like to clang around

'Cause everybody likes to claim things
And everybody likes to shame things
And everybody likes to clang bells around
