## The Black Ghosts

Why did you leave that message on my phone
Was it from your head? Cause I don't what I done to earn it
You could be right here, but would say what you mean or would y
ou wait

until I'm gone and you are lonely and you blame me for never un derstanding

and if this house was on fire would you tell me your desire if my hands were round your throat would you tell me what I nee d to know

there must be some way, some way through this if the sky was falling down would I see behind that frown if cold steel touched your skin would you finally stop and let me in

tell me baby how to get through this

and I done my time in the firing line

and I paid my dues hanging from a noose and I'll do whatever it takes to put a smile upon your face I will do whatever it takes, I will do whatever it takes if my hands were round your throat would you tell me what I nee

there's got to be some way, some way through this if the sky was falling down would I see behind that frown if cold steel touched your skin would you finally stop and let me in

tell me baby how to get through this
