

# Psychotic Girl

The Black Keys

I heard you're cool, you're mellow.  
Pick 'em up, just ta let 'em down.  
It's shame, baby, but I always know...  
Just the way, you're gonna do, oh no-oh.

Oh, no-oh

Just a psychotic girl,  
And I won't get lost in your world.

Friday night, the party light.  
You were actin like...  
Everything was alright.  
But later on, with no one around...  
Had me fightin for air,  
Layin on the ground... oh-no

Oh, no-oh

Just a psychotic girl,  
And I won't get lost in your world.

Interlude....

I thought you'd change,  
But I shoulda known.  
You play nice 4 times,  
And then do me wrong.  
I thought long and hard 'bout what I should say  
When life was at school, it just come out this way.  
Oh no

Oh no-oh

Just a psychotic girl,  
And I won't get lost in your world.
