

when i am sad and weary  
when all my hope is gone  
and i can't put my finger on the time things first went wrong  
i have a little secret i like to tell myself  
and until now i haven't told anybody else

you may not see things my way  
like my method or my reasons  
but you can't tell me that i'm wrong

there's no heart you can't melt  
with a certain little smile  
and no challenge should be faced  
without a little charm and a lot of style  
so don't put your faith in time - she heals but doesn't change  
and only a fool won't take the chance to stay the same

when i am sad and weary  
when all my hope is gone  
i walk around my house and think of you with nothing on  
i have a list of things i go over in my mind  
when i can just sit right back and watch the world unwind

you may not see things my way  
i don't care 'cause i'm not asking  
but you can't tell me that i'm wrong

there's no heart you can't melt  
with a certain little smile  
and no challenge should be faced  
without a little charm and a lot of style  
so don't put your faith in time - she heals but doesn't change  
and only a fool won't take the chance to stay the same

yeah yeah yeah yeah yeah!
