

Hey Baby

The Bones

My baby - the look of Peggy Sue
Hey honey got seduced by you
That baby - put her claws into my heart
My baby - a chill runs down my spine
Hey sugar - by your infamous smile
My baby - jolly favourite waste of time

I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way
I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way

Hey baby - my one and only love
Yeah baby - too much ain't enough
Hey honey - I guess I shouldn't play so rough
My baby - was such a doll
Yeah sugar - and i was outta control
My baby - plastic porno blow-up soul

I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way
I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way

Hey baby - well the party is on
Hey honey - be-bop-a-lula fun
Yeah baby - rubber romance all night long

I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way yeah yeah
I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way

I never ever wanted you to stay
I never wanted you to go away
Never ever wanted you this way this way this way
