

Home Sweet Hell

The Bones

If you wanna come and be with me,
you've got to take a shot and live like me
Cause this is my lifestyle, through my night times
If you wanna have this beer with me,
you've got to take this pill and
share with me
Cause this is my life style
You could be my sunshine

I'll have my TV on the wall, and no one on the phone
Doors shut and my self on the throne

Hey baby do you dare to chance,
I'm so god damn sorry I won't have that dance
To your lifestyle, that ain't my lifestyle
If you really, really, really wanna dance with me,
you've got to take this line and snort with me
Yeah it's my lifeline, my lovely sunshine

I'll have my TV on the wall, and no one on the phone
Doors shut and my self on the throne

I've got reminders on the floor, IRS on the phone
Doors shut and my self on the floor
