### The Boxer Rebellion

I don't wanna say  
If it goes away  
And I don't wanna try  
You don't have to lie

And I don't think I said  
What I should have said  
I never caught you out  
Though I had my doubts

Wait  
When there's nothing left to waste  
On a promise I can make  
You don't want no one this way  
Wait

And I don't see inside  
Where you try to hide  
And I don't wanna do  
What you asked me to

Wait  
When there's nothing left to waste  
On a promise I can make  
You don't want no one this way  
Wait

We see each other from the corners of the room  
I think that when this mess is over  
Never make a move  
When all I see is broken down to every size  
I will remember how I got here  
Love in every eye  
I don't remember if the rest are ever good enough  
And I don't remember if the rest will ever mean as much

And I don't wanna say  
If it goes away  
And I don't wanna try  
You don't have to lie
