My Pride

The Bruisers

All this weight that's put on my back What's it gonna take to make it crack It takes all I've got just to get by Can't get ahead no matter what I try Think everything I do is wrong And that I have waited for too long To do what's right and be a man You could never understand

I won't break my stride
I'll never lose my pride

Well all I've got it's all for me
I won't live for your society
It takes all I've got just to make ends meet
So what I've got it belongs to me
The ones that matter stick by my side
And give me strength to stay in stride
