

Caress

The Bunny the Bear

My fingers caress your face
You know there's not much I'd rather do
Still, when I look into your eyes
I know nothing's right and we're drowning in regret

I thought that we were worth the fight
Months pass by and you're giving up on me

So what's it gonna be?
So what's it gonna be?
So what's it gonna be?

My fingers caress your face
You know there's not much I'd rather do
Still, when I look into your eyes
I know nothing's right and we're drowning in regret

This cigarette, it lacks all taste
An ash in my eye would do
It would give me an excuse for all of these tears
They've got nothing to do with you

Why do your eyes tell stories of lies
As your lips mouth "I love you"?
My hands on your face

So what's it gonna be?
So what's it gonna be?
So what's it gonna be?

My fingers caress your face
You know there's not much I'd rather do
Still, when I look into your eyes
I know nothing's right and we're drowning in regret

This cigarette, it lacks all taste
An ash in my eye would do
It would give me an excuse for all of these tears
They've got nothing to do with you

I've never loved you (I'm better off on my own, I'm better off on my own)
I've never wanted this (I'm better off on my own)

I've never loved you
(When I wrapped you in pity your feet were still cold
When I bent over backwards my legs wouldn't hold)
I've never wanted this
(All the weight on my shoulders means nothing in light
Of the vices I live with and spend all my nights)
I've never loved you
(When I wrapped you in pity your feet were still cold
When I bent over backwards my legs wouldn't hold)
I've never wanted this
(All the weight on my shoulders means nothing in light
Of the vices I live with and spend all my nights)

My fingers caress your face

You know there's not much I'd rather do
Still, when I look into your eyes
I know nothing's right and we're drowning in regret

This cigarette, it lacks all taste
An ash in my eye would do
It would give me an excuse for all of these tears
They've got nothing to do with you
