

# La diligence

## The Cats

Take me down in a stagecoach  
Down to la dilligence  
There were my heart is in the sudden hills

Old wheels keep on a-rolling  
Down to la dilligence  
Where you can chase away the evening chills

A name in neonlight  
Will lead you throught the night  
Shining from a far  
It looks like a star

And the coachman whispered to page you  
Down to la dilligence  
He takes you ridin' to a world of grieves

Dancing, romancing  
The lights turned down low  
The nights young and swaying  
Favorite bands are playing

Shining lights glancing  
Candles glow  
Beautiful people of the seashow

Dancing the night away  
Good times are here to stay  
Rolling on the sea of harmony

And the thrill of every moment  
Down in that dilligence  
Will remain a memory treasure in your heart

Dancing, romancing  
The lights turned down low  
The nights young and swaying  
Favorite bands are playing

Shining lights glancing  
Candles glow  
Beautiful people of the seashow

A name in neonlight  
Will lead you throught the night  
Shining from a far  
It looks like a star

Dancing the night away  
Good times are here to stay  
Rolling on the sea of harmony
