

Miracles And Wonders

The Chameleons

So hard to understand
From one day to another you're a different man
Never cease to find it strange
How at midnight things seem hopeless
But by dawn they've changed

Another illusion
Plain to see
Miracles and wonders
Gifts for free

Light up
I'll see you there
As we enter a spirit that is everywhere
Guess I'll never know
How it feels deep inside to have another grow

Creation from fusion
Plain to see
Miracles and wonders
Gifts for free

Another illusion
Plain to see
Miracles and wonders
Gifts for free

If anything can happen then it probably will
If anything can happen then it probably will
