

# I Need You To Know

The Charlatans

I could've said  
I should've said  
It's always the same  
Can I tell you  
Before it's too late

As long as I can remember  
We've been so close  
You are so loose in  
And so exposed

I need you to know  
I need you to know

Salvage the words that you deserve  
Taking us red  
How can I work out  
What wasn't said

Deep in my mind it's so turning  
As we evolve  
Some kind of certainty  
And what i do show

I need you to know  
I need you to know

I need you to know  
I need you to know  
Just need you to know  
I need you to know
