The Chemical Brothers

Here I go round  
Again, again, again  
Again, again, again  
Again, again, again

Again, again, again  
Again, again, again  
Again, again, again

Here I go 'round again, again, again  
Think that I'll never come down again, again

Here I go 'round again, again, again  
Think that I'll never come down again, again

Here I go 'round again, again, again  
Think that I'll never come down again, again

Here I go 'round  
Again, again, again  
Again, again, again  
Again, again, again

Here I go 'round  
Again, again, again  
Again, again, again  
Again, again, again

Here I go 'round  
Again, again, again  
Again, again, again  
Again, again, again

Here I go 'round  
Again, again, again  
Again, again, again  
Again, again, again

Here I go 'round  
Think, think, think  
Think, think, think  
Think, think, think

Here I go 'round  
Think, think, think  
Think, think, think  
Think, think, think
