## The Pills Won't Help You Now

## **The Chemical Brothers**

Thought we were going And go up the field away And join all the other living souls But you never came

Robbed of your fortune You get disappointments in life You're probably poisoning your body I hope you're alright

In a moment of fear You dig in your heels The pills won't help you now Once you're crying

Thought we were going Go up the field away Join all the other living souls But you never came

Robbed of your fortune You get disappointments in life You're probably poisoning your body I hope you're alright

In a moment of fear You dig in your heels The pills won't help you now Once you cry

Robbed of your fortune You get disappointments in life You're probably poisoning your body I hope you're alright

In a moment of fear You dig in your heels The pills won't help you now Once you cry

In a moment of fear You dig in your heels The pills won't help you now Once you cry
