

More Than A Conqueror

The Clark Sisters

More than a conqueror I am more than a conqueror We are more than
an conqueror thru him that loved us
He is the light shows us the way my path gets brighter everyday

(more than conqueror) feel the spirit fighting over

Cannot let the cares of the world get me down I'm fighting for
my life going get that crown
More than a conqueror

Fight the good fight never gonna tire pressing towards the mark
of the prize
We make it things were more than conquerors threw him that loved us

Fight the good fight of faith I'm pressing upwards the mark everyday
