

# Victory

The Clark Sisters

We declare victory  
Victory over your life  
Every now and then it's hard to see  
But you got to decree and see Victory

We declare victory  
Victory over your life  
Don't be dismayed God knows your need  
But you got to decree and see Victory

It may appear like you've been knocked down  
But with God, you won't be bound  
Just open up your mouth  
Speak a word over your life  
Don't fear we walk by faith and not by sight

We declare victory  
Victory over your life  
Every now and then it's hard to see  
But you got to decree and see Victory

Stop speaking negativity in your atmosphere  
Just walk in your authority for the Lord is near

I serve notice to the enemy  
You can't have my family  
You can't have my mind  
You can't have my life  
Cause Jesus said I come that you might have life abundantly

Prosper and be in good health  
God is going to win again  
Prosper and be in good health

We shall prosper and be in good health  
God is going to win again  
Prosper and be in good health

We shall prosper  
We shall prosper  
We shall prosper and be in good health
