Standing in a queue of a school canteen guys on the corner they were laughin' at me but I don't mind if they see it all you know I gotta come clean I gotta come clean I got a crush on you

My mind don't need it but my body do
a little bit of loving and attention for you
although we're only strangers
they don't need to know
I gotta cum clean, I gotta cum clean
ooh, I got a crush on you

I wanna get serious right away 1-2, I got a crush on you what you doin' today or any other day? 1-2, I got a crush on you just one look and I go insane 1-2, I got a crush on you

Your daddy never comes to get you
`cos lives so far away
but his i-talian chauffeur shows up every day
but I'll get you in the corner, I'll get you all
alone
I gotta cum clean, I gotta come clean

I got a crush on you

1-2, I got a crush on you 1-2, I got a crush on you 1-2, I got a crush on you I said 1-2 I got a crush on you

why should I get a crush on yet?
