

## Do it Now

The Clash

We're the capella  
Turn the musica  
Now they lock 'em out  
You gotta come, the world is ours!

Lenny come to make it  
1953  
With the record in the suitcase  
Minus fifty degree

And everywhere you go, they're staring at you face  
You got no place to go  
And everywhere you go, is out of place  
The word you hear is "no"

So what d'you gonna do?  
You gotta make the scene come true  
Hey!

We're the capella  
Turn the musica  
Now they lock 'em out  
You gotta come, the world is ours!

Hey, do you play for us now  
Or are you in the top ten?  
What throw the average painter  
Get and come back again

And everywhere you go, they're staring at you face  
You got no place to go  
And everywhere you go, is out of place  
The word you hear is "no"

So what d'you gonna do?  
You gotta make the scene come true  
Hey!

We're the capella  
Turn the musica  
Now they lock 'em out  
You gotta come, the world is ours!

Yeah, the scene is robber  
And you must have membership  
Know those under leather  
And they got too many zits

And everywhere you go, they're staring at you face  
And you got no place to go  
And everywhere you go, is out of place  
The word you hear is "no"

So what d'you gonna do?  
You gotta make the scene come true  
Hey!

We're the capella  
Turn the musica  
Now they lock 'em out  
You gotta come, the world is ours!

We're the capella  
Turn the musica  
Now they lock 'em out  
You gotta come, the world is ours!!!
