

# Lazy Love

The Collective

Ooh...

Lazy love

Oh, my lobby call was 11:30  
I'm officially the opposite of early  
Don't wanna go downstairs (downstairs)

Everybody waiting down there for me  
But I roll over into your curly hair  
That sexy body, oh so nice and curvy  
Reminiscing on last night

Wake up baby, let me get it one more time before (before, before)

I gotta go, I got responsibilities  
I gotta take care of  
That's when you wrap them legs around me  
And I fall victim to that lazy love

You got that, I don't wanna  
I don't wanna go nowhere, lazy love, baby  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing

Damn baby that was good, Imma hit the shower  
Even though I'm about two hours late  
But I can't help it, man  
If they knew what I know, they would understand  
I'm washing last night off, time to boss up  
When suddenly on my back I feel a soft touch  
She's right behind me  
Water glisten off her body  
Looking at me, like 'one more time'

But baby I gotta go, I got responsibilities  
I gotta take care of  
That's when you wrap them legs around me  
And I fall victim to that lazy love

You got that, I don't wanna  
I don't wanna go nowhere, lazy love, no  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing

They call me W I L L S I N G E  
Uh baby tell me what you want to do with me  
Got a brother felling like Joe Dosee  
Every time you roll with me holding me  
Trying to take control of me

Nice and slowly, you know never letting go  
Never messing up...

You got that lazy love, ooh  
You got that, I don't wanna  
I don't wanna go nowhere, lazy love  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing, lazy love  
You got that, I don't wanna  
I don't wanna do nothing

Ooh...  
Lazy love
