

# Smoke And Mirrors

## The Color Morale

If you give up on me, then I give up on everything  
I didn't come this far to not tell you the truth  
And you'll know it's true because the answers that I tell you will  
make you all feel sick  
Feel hateful, feel useless and used, just remember that every piece  
of trash  
Was one time itself first used

Say the word

Say the word and I will go quickly to a light  
Too much of any one thing at a time will leave you blind  
Say the word and I will go quickly to a light  
Too much of any one thing at a time just left me blind

You need to get through what you are going through  
Some day someone, somewhere will need you  
If you give up on me, then I give up on everything  
Back and forth my reason grows, I didn't choose this I was chosen  
Back and forth my reason grows, I didn't choose this and I want  
to go  
Home is where the hurt is and no one even knows

Say the word and I will go quickly to a light  
Too much of any one thing at a time will leave you blind  
Say the word and I will go quickly to a light  
Too much of any one thing at a time just left me blind

If you give up on me then I give up on everything  
If you give up on me then I give up on everything
