What Can I Say

The Colourist

Ever since you met me, I told you
That I could never hurt you, but I thought to
And ever since you've gone I've been living like nothing
Ever could go wrong, but it turned into something
Now I can't think about you, 'cause it hurts to

It started off so nicely, I'd hold you,
We'd talk about our dreams til one or two
But dreaming does no good if you just fall through
And if you get your hopes high, they'll crush you
Now I can't think about you, 'cause it hurts to

What can I say, what can I say, you've been gone for way too lo
ng
What can I say, what can I say, I gave my heart away
I gave my heart away (I can't think about you, 'cause it hurts
to)
I gave it all away (I can't think about you, 'cause it hurts to
)

And ever since you met me, I told you
I need someone to talk to, get close to
'cause when I think I'll see you, there's an excuse
And there's nothing to talk through, you're not here to
So I've got to forget you and I'm trying to
I can't think about you, 'cause it hurts to
I can't think about you, 'cause it hurts to

What can I say, what can I say, you've been gone for way too lo
ng
What can I say, what can I say, I gave my heart away
I gave my heart away (I can't think about you, 'cause it hurts
to)
I gave it all away (I can't think about you, 'cause it hurts to
)

I can't think about you 'cause it hurts to
I can't think about you 'cause it hurts to
I say, I can't think about you 'cause it hurts to
I can't think about you 'cause it hurts to
I can't think about you 'cause it hurts to
