The Contortionist

Since this began
I've misplaced my head
This all seems so nauseating
Does it?

Just let me sleep
Just let me
Until I feel free
I can feel it sinking in
Until I feel free
I can feel it sinking in
If you wish me anything

Just wish me sleep
Just wish me
Until I feel free
I can feel it sinking in
I can feel it sinking in
I feel a sinking feeling

Just let me sleep
Just let me
Do you hear me know?
Am I thinking loud?
I don't want to come down
I'm too proud
Until I feel free
I can feel it sinking in
I feel a sinking feeling

Just let me sleep
Just let me sleep
Just let me
Do you see what I see?
Do you see what I see now?
Do you see what I see?
Do you see what I see now?
