

Claudia

The Contours

Claudia, come back to daddy
Claudia, come back to daddy
Claudia, come back to daddy
Claudia, come back to daddy

I wake up in the morning, what do I see
Nobody in this house but me
I get up in the morning to fix my lunch
I get to think about my honey bunch
Late in the evening when the sun goes down
I just got to have my Claudia around
I do believe I've been bad a bit
Since she left me, I feel my need

Oh, I'm begging you
Claudia
Claudia
Oh, come on home

When she left, I didn't know I'd miss her
Oh now that she's gone, I wish I was with her
Late in the evening when the sun goes down
I just got to have my Claudia around
The reason she left I don't know why
I'll become a good man, at least I'll try
Claudia, Claudia, hear my plea
Get yourself together, come back to me

Oh, I'm begging you
Come on back now
Yeah, come on home now
Claudia
Claudia
Claudia
Come on home
