

# Homo Sapiens

## The Cooper Temple Clause

You can't overestimate the limits of aggression  
Of an animal created in the image of God himself

You can't allow for subtle defects  
There's no time of reflect  
There's no time to cover your tracks

It's not a mistake to fear an animals own limited  
access  
The plan just keeps without his hopes and dreams  
Or a sense of satisfaction  
With such a cause of action  
As search evaluate and destroy.

I am man, I am a superstar,  
I shine so bright, a worldwide success  
I said hammer it home, I am a superstar  
A glowing example of a dream come true  
I am a man, I am a work of art  
I'm fashioned in God's own image  
I am holy and clean  
I am a man, I'm a superstar,  
I shine so bright, a worldwide success

Let me curl myself into a ball before you let me  
understand  
Let me curl myself into a ball before you let me  
understand

You can't underestimate the feeling of attraction  
Of the animal in question to the marvel of what he's  
made  
You can't escape the sense of pride  
In created a divide between, you'll suffer it to rain  
on his parade.

Don't even think about it  
It's enough to read about it  
For said an animal to circle and keep  
An eye on you should you decide to have a go and try to  
rattle his cage

I am a man, I am a gift to the world  
I wish I was born as civilised and set free  
I am a man, I am a market tool  
The sell of the century of the bargain of a lifetime  
Hammer it home, I am a superstar  
A glowing example of a dream come true

Let me curl myself into a ball before you let me  
understand  
Let me curl myself into a ball before you let me  
understand and make me realise

I'm having a ball just being a man  
I'm living it up just being a man  
It sure as hell rocks just being a man

Yeah nothing quite beats just being a man  
Like being a man.
