You left before the rain came down December was the only sound All the leaves fell to the ground When you went away

It's a crying shame to see
A kiss become a memory
Now I know just what you mean
When you say

Way Above
Where the north winds blow
We will watch out afar
To the valley below

Oh Jacqueline I know (2x)

A pattern of the ways it seems Thats the way it has to be Now I know just what you mean When you say

Way above
Where the north winds blow
We will watch out afar
To the valley below

Oh Jacqueline I know (2x)

The Coven House
Where you now go
It stole our love
Don't you know
Don't you know

Oh Jacqueline don't go
Oh Jacqueline I know
Oh Jacqueline don't go
Oh Jacqueline I know
