

Blind Will Lead the Blind

The Coronas

Take what you want
Why pay when they steal
Loosen your pride and all the shackles you feel
A moment of truth
It happened before
Been here too long without a spark to keep warm

I'll keep my finger crossed
All is not lost

The blind will lead the blind
Through I can't see it, somehow feel it
All this will be mine
Life I created, in someway fated
It's out of my control

Take what you need
Leave everything else
Don't look to the things that always stood you so well
It's different this time
I know I said that before
I'll lead us to places where we can't be ignored

I'll keep my fingers crossed
All is not lost

The blind will lead the blind
Through I can't see it, somehow feel it
All this will be mine
Life I created, in someway fated
I'm not asking you for much
'Cause once I taste it, I just can't shake it
And if love is not enough
I don't know what is, I don't know what is
It's out of my control

And I'll keep my fingers crossed
All is not lost
I'll keep my fingers crossed
All is not lost

And the blind will lead the blind
Through I can't see it, somehow feel it
And all this will be mine
Life I created, in someway fated
I'm not asking you for much
'Cause once I taste it, I just can't shake it
And if love is not enough
I don't know what is, I don't know what is
It's out of my control
It's out of my control
