

I heard that you might be discreet
From every dog in the street
Show them your worst and they'll take it in turns
Write it down on the days of the week
Now that we've something to lose
You know I need to improve
Take a step back, you know I wanted that
At worst I'll tell you that I'm still a fool

And it's all in days
It's all in the right, light pride
And I couldn't wait
No I couldn't wait
To find out

I'll try to be brave
Yeah I gotta make sure you're okay
I gotta make sure that you still believe
Even if it's not as much as me
So let me hear you scream
Yeah don't take that away from me
'Cause this mess we're in, we should shout
Well I know it's all about

How do we turn this thing off?
It's not as bad as you thought
Look after yourself till you feel something else
I can't seem to make sense of it all

And it's all in days
It's all in the right place, wrong time
And I couldn't wait
No I couldn't wait
To find out

I'll try to be brave
Yeah I gotta make sure you're okay
I gotta make sure that you still believe
Even if it's not as much as me
So let me hear you scream
Yeah don't take that away from me
'Cause this mess we're in, we should shout
Well I know it's all about
Ooh

And I should have stayed
Yeah I should have stayed to find out

So let me hear you scream
Yeah don't take that away from me
'Cause this mess we're in, we should shout
Well I know it's all about
Ooh
