Put the past away, save it for a sunny day Right now there's nothing I can do, except stare right back at you

Put the future aside, I'll try my best to make it right Right now it just seems so obscene to picture you without me

And I hate how much we've cried
Our break was our greatest mistake
But if we try, I'll do everything I can to keep my faith in fat
e

Forget everyone else; I've tried to convince myself
That it was only time we lost but I'm not as strong as I though
t

Forget who we've been with, the thought just makes me sick Forget our year apart, this is where we are

But I hate how much we've cried
Our break was our greatest mistake
But if we try, I'll do everything I can to keep my faith in fat
e

But we've cried
Our break was our only mistake
I know we'll try and I'll do everything I can to keep my faith
in fate
Oh, Everything I can to keep my faith in fate
