

Find The Water

The Coronas

I'll find the water if it's the last thing I'll do
I might break at your door as I'm focusing in on you
It was my decision, it still got me too
But if I find the water I won't be focusing in on you

Head down, I got mine
And I'm sweet talking all the time
Gotta make more eye contact
Gotta be more present, gotta fake react
And I adjust my attitude
That wasn't even honest so it's kinda rude
You can call all your friends tonight
But no one's gonna answer on a Monday night

I'll find the water if it's the last thing I'll do
I might break at your door as I'm focusing in on you
It was my decision, it still got me too
But if I find the water I won't be focusing in on you

And if I go
(Come heal your shore
The waters flow)
We'll be at home
'Cause if I go
(Come heal your shore
The waters flow)
We'll be at home
That's if I go
Head down, I got mine
And I'm sweet talking all the time
Gotta make more eye contact
Gotta be more present, gotta fake react
And I adjust my attitude
That wasn't even honest so it's kinda rude
You can call your friends tonight
But no one's gonna answer on a Monday night

I'll find the water if it's the last thing I'll do
I might break at your door as I'm focusing in on you
It was my decision, it still got me too
But if I find the water I won't be focusing in on you

And if I go
(Heal the shore
Now the waters flow)
It's in the water
And if I go
(Heal the shore
Now the waters flow)
It's in the water

I'll find the water if it's the last thing I'll do
I might break at your door as I'm still chasing you
