

Haunted

The Coronas

Put it off 'til you see me, be a better friend
I'm caught, gotta break away, yeah
We stalled it, we're stallin'
And it won't be wasted
I'll always give you braves
Didn't you let me chase it down, yeah
We fall the wrong way round
I'll say that it gets to you, yeah

You know I love it, but there's an easier way
You tell me I seen things that I'm afraid to say
I'm not above it, I'm just upside down
We don't have to talk, we can just make sounds

So show me something
I think we're haunted
You show me something
You must be haunted

And I know I'm impatient, but I wait for a cure
Don't think it's me that you're facing, you've got your heart secure
So I'll leave when it's over, if I'm even allowed
Won't stop as we both get older, we fall the wrong way round
The wrong way round
I'll see that it gets to you, yeah we fall the wrong way round

Won't stop 'til we both get older

You know I love it, but there's an easier way
You tell me I seen things that I'm afraid to say
Well I'm not above it, I'm just upside down
We don't have to talk, we can just make sounds

So show me something
I think we're haunted
You show me something
You must be haunted

Show me something
(I'll just pretend there's still stuff to say)
I think we're haunted
(That's my excuse, I'll stick to it anyway)
Show me something
(I'll see that it gets to you)
You must be haunted
Show me something
(I'll just pretend there's still stuff to say)
I think we're haunted
(That's my excuse, I'll stick to it anyway)
Show me something
(I'll see that it gets to you)
You must be haunted
