

New New York

The Cranberries

New new new, ahhhh x2
New New York skyline
Wounds will heal in time
Don't walk, oh don't you stay
It's a new New York today
Aahh
Aahh

I look across these city streets
My heart is longing, still beats
Nothing to say
There's nothing to say
I look across this empty room
My heart is still in gloom
There's nothing to say
I only can pray

New new new ahhh x2
New New York skyline
Wounds will heal in time
Don't walk, oh don't you stay
It's a new New York today
Aahh
Aahh

Ahh, ahh

I look across these city streets
My heart is cold it beats
The fear of men
Ground zero today

New new new (2x)

Get down on my knees and pray
For the heroes of the day
For the comfort I can find
For the loved ones left behind

Aaahhh

They won't tear us apart (4x)
No way
New day
