But I'm not sorry if I do insult you

I'm sad not sorry 'bout the way that things went

And you'll be sorry and I'll be forsaken thee

I swore I'd never feel like this again

But you're so selfish you don't see what you're doing
to me

I keep on looking through the window again

No, I'm not sorry if I insult you

No, I'm not sorry if I insult you

Ami

You told me lies

(And I cried, and I cried, and I cried

'Cos you lied, lied and

(I cried, yes I cried, and I cried)

(I cry, I cry, I cry) again

I realize as

(he sighed and, he sighed and)

'Cos you lied, lied and

(I cried, yes I cried, yes)

(I try, I try, I try) again

Keep on looking through the window again

But I'm not sorry if I do insult you

I'm sad not sorry 'bout the way that things went

And you'll be sorry and I'll be forsaken thee

I swore I'd never feel like this again

But you're so selfish you don't see what you're doing to me

I keep on looking through the window again

No I'm not sorry if I do detest you

No I'm not sorry if I do detest you
