

When you're gone

The Cranberries

C **Am**
Hold on to love
Em
That is what I do
G
Now that I've found you
C **Am**
And from above
Em
Everything's stinking
G
They're not around you
C
And in the night
Am
I could be helpless
Em **G**
I could be lonely, sleeping without you
C **Am**
And in the day, everything's complex
Em **G**
There's nothing simple when I'm not around you

C **Am**
But I miss you when you're gone
Em **F**
That is what I do
Hey baby
C **Am**
It's hard to carry on
Em **F**
That is what I knew
Hey baby..

C **Am**
Hold on to my hands
Em
I feel I'm sinking
G
Sinking without you
C **Am**
And to my mind
Em
Everything's stinking
G
Stinking without you
C **Am**
And in the night I could be helpless
Em **G**
I could be lonely, sleeping without you
C **Am**
And in the day, everything's complex
Em
There's nothing simple
G
When I'm not around you

C **Am**
And I miss you when you're gone
Em F
That is what I do
Hey baby
C **Am**
And it's hard to carry on
Em F
That is what I do
