

## Dawn of Emptiness

The Crown

I am already given - To the power ruling my fate  
I do not hold on - Thus I have nothing to defend  
I have no thoughts - Thus I shall see  
I fear of nothing - Thus I remember of myself  
Unmighty, unforced and unbound  
I shall be like a sound into silence  
Unmighty, unforced and unbound  
I shall spread like a wind into infinit?  
Oh what blind joy!  
What hunger to finish the air that we breathe  
All that we are  
To consume all our being  
In one great laughter

Why not always live - In that aura of magic  
That gives every moment - Its weight of wonder  
That always is found - In that final hour  
When life is a dream - Already over  
Grow back those silent wings of holy pride  
That the wheels of the world keep on breaking down  
Awake from your sleep - It is time!  
Cause life is a dream...  
...Already over!  
Beauty and strength, leaping laughter, force and fire  
Are of us  
Feast and rejoice!  
Every day and night - In your hearts  
Pleasures of uttermost delight  
Knowledge and rapture - No dread hereafter  
Every end is a new beginning  
When one door is closed another is open  
In the pure joy of existence  
And its kisses of eternal ecstasy  
Lose is the law - Love under will  
As the dogs of reason  
Perish with the fall of because  
I can tell from the sorrow in your smile  
That there is nothing left to believe in - For you  
Nihil Rise - For me Freedom lies!  
Oh what blind joy!  
What hunger to finish the air that we breathe  
All that we are  
To consume all our being  
In one great laughter  
Upon this path  
There is no me  
I have become the way  
I am one I am none
