Brother Wolf, Sister Moon

Embrace the wind with both arms Stop the clouds dead in the sky Hang your head no more And beg no more

Brother wolf and sister moon Your time has come Brother wolf and sister moon Your time has come

And the wind will blow my fears away Will dry my tears away And dry my tears away And blow my fears away

Embrace the wind with both arms Stop the clouds dead in the sky Hang your head no more And beg no more

Brother wolf and sister moon Your time has come Brother wolf and sister moon Your time has come

And the wind will blow my fears away Will dry my tears away And blow my fears away And dry my tears away

And the wind will blow my fears away Will dry my tears away And blow my fears away And dry my, dry my tears away, yeah Dry my tears away, yeah And blow my, blow my fears away, yeah And blow my, blow my, blow my And blow my fears away
