## The Cure

If only you'd never speak to me  
The way that you do  
If only you'd never speak like that  
It's like listening to  
A breaking heart  
A falling sky

Fire go out and friendship die  
I wish you felt the way that I still do  
If only you'd never look at me  
The way that you do  
If only you'd never look like that  
When I look at you  
I see face like stone  
Eyes of ice

Mouth so sweetly telling lies  
I wish you felt the way that I still do  
The way that I still do  
But you don't  
You don't feel anymore  
You don't care anymore  
It's all gone

If only you'd never pull from me  
The way that you do  
If only you'd never pull like that  
When I'm with you

I feel hopeless hands helplessly  
Pulling you back close to me  
I wish you felt the way that I still do  
The way that I still do

If only you'd ever speak to me  
The way you once did  
Look at me the way you once did  
Pull to me the way you once did

But you don't  
You don't feel anymore  
You don't care anymore  
It's all gone  
It's all gone
