

Problem Child

The Damned

Stealin' cars lost in bars
Treating hard-to-be's like superstars
I wanna come home at 3AM
I love my records
Alright and I'm going to play 'em

Problem child, problem child
We think you live much too wild
Problem child, problem child
When you get home
Your daddy's gonna tan your hide

I gave a dose to my sister
Only need to be a teen-dream hipster
Don't care about my grades at school
Or my teacher
My Probation lady says, you ain't so cool

Problem child, problem child
We think you live much too wild
Problem child, problem child
When you get home
Your daddy's gonna tan your hide

Gave a dose to my sister
Only need to be a teen-dream hipster
Don't care about my grades at school
Or my teacher
My probation lady says, you ain't so cool

Problem child, problem child
We think you live much too wild
Problem child, problem child
When you get home
Your daddy's gonna tan your hide

Problem child, problem child
We think you live much too wild
Problem child, problem child
When you get home
Your daddy's gonna tan your hide
