

Better Light

The Dangerous Summer

Weak from whiskey and powder, love
You let me crawl out of bed
I know you see me in better light
I know you see who I am
I still love how the windows paint your room
That's a comfort I want too
Tracing the steps to where I fell in love with you

Instead of living in parallel
I wanna sink into you
We could travel to Shangri-La
And we could start over new
I still see all the wonder in those eyes
We can live life before we die
Counting the days I wanna fall in love with you

I wanna fall in love with you
I wanna fall in love with you
I wanna fall in love with you
You
You
You

I wanna fall in love with you
Fall in love with you
Fall in love with you
