

# All of the Time

The Dave Clark Five

All of the time  
All of the time

Let me tell you girl  
I think you're so fine  
And I want to be with you  
All the time

Let me hold you in my arms  
Let me know that you're time  
'Cause I want to be with you  
All the time

Please don't make blue  
That's not nice to do  
If you ever leave me  
You'll break my heart in two  
Break it in two

I want to be with you  
'Till the sun and the moon don't shine  
'Cause I'll love you little girl  
All the time

Please don't make blue  
That's not nice to do  
If you ever leave me  
You'll break my heart in two  
Break it in two

I want to be with you  
'Till the sun and the moon don't shine  
'Cause I'll love you little girl  
All the time

All of the time  
All of the time  
All of the time  
All of the time
