

Don't You Realize

The Dave Clark Five

And when I see you I'll feel sad
And when you're near to me I feel so bad
'Cause I know the things that you're whisperin' in my ear
Are the things you want those other boys to hear

Don't you realize what you're doin'
Don't you realize what you're doin'
To me? Oh, whoa

And though I seem as happy as a clown
It may not show that you're bringin' me down
I'm tryin' hard not to let it show
But tonight I think I'll have to let you know

Don't you realize what you're doin'
Don't you realize what you're doin'
To me? Oh, whoa, whoa-whoa-whoa-whoa

Now, the game is over, and you've had your fun
As soon as I've packed, baby, I'll be gone
'Cause I know the things that you're whisperin' in my ear
Aren't the things that I'm, I'm supposed to hear

Don't you realize what you're doin'
Don't you realize what you're doin'
To me? Oh whoa, whoa oh-oh-oh, whoa ho
